

# TOUR PLAYER MENTORING PROGRAM

**Receive mentoring and distance coaching support from European Tour Coach Jonathan Wallett so you can optimise your performance and accelerate your progress**

**Use the same Systems – Practice and Tournament – Jon uses with success with Tour Players and World Ranked Amateurs**

Most elite players are committed and work hard - the problem is they are not working on the right agenda in order to score lower and move their game up to the next level. As one of my colleagues Dr Patrick Cohn, PGA Tour Mental Coach, says, ***“If you practice the wrong thing, you just get good at the wrong thing”***. More than 90% of elite players have the wrong processes and systems to optimise success – they work hard and then are told ‘to be patient’. I believe if you work hard you should be scoring lower and building tournament success immediately.

Build your own **Specific Success Plan**  
– and then be kept accountable to the Plan

Build a **strong and resilient Mental Game**  
– so you can perform with your A, B and C game

Build a Practice System that prepares you to **perform under pressure**

Build a Tournament System just like **European Tour Players** – so you progress your career

Receive **Direct from the Tour** information through Workbooks, Audio and Videos

# TOUR PLAYER MENTORING PROGRAM

## About Jonathan Wallett – Elite Performance Coach MGCP PGA (Advanced Fellow)

Jonathan has been the Contracted Coach of Main Tour Players since 2009. All the players Jon has worked with have enjoyed performance success and progressed their scoring average, OOM or World Ranking during the coaching period. From 2005 to 2009 Jon undertook a research program to understand the critical success factors at Tour Level. He's been fortunate to have the opportunity to sit down and talk to 7 current or former World No 1s. This has allowed him build what he calls 'The TOUR CURRICULUM' – the **information and skills every elite player much know, absorb and learn in order to optimise their opportunity of a career on the Main Tour.**

Jon established Elite Coaching Golf Academy in 2003 and for 6 years was based at one of Europe's premier facilities and host of the only continental major championship – Evian Royal Resort. Since 2004 a Winter Academy has been established in the Gold Coast, Australia (Currently Sanctuary Cove G and CC where Adam Scott lives, plays and practices). Jon is formerly the appointed Performance Director and National Coach for the Hong Kong National Team.

The key philosophy of the Academy is to **assist players score lower and build a performance success model which is individualized to each player.**
